Dekolink Wireless Selects Crux Communications as Agency of Record

San Diego, CA – June 1, 2006 – Crux Communications, a PR and marketing communications agency focused on the telecom and datacom industries, today announced that Dekolink Wireless has retained Crux Communications as their PR and marcom agency of record.

Crux Communications will provide communications services such as media and industry analysts programs, market positioning, branding activities, tradeshow support, strategic counsel, advertising and a variety of print, online and multimedia materials.

“Crux Communications initially helped us with the IWCE show in May and produced amazing results – helping us to develop a solid brand platform and launch new product lines to the SMR and public safety markets,” says Ken Monro, President of Dekolink Americas. “We’ve been very impressed with their professionalism and high-quality deliverables and look forward to continuing to leverage their extensive telecom and business-to-business communications expertise.” Monro continues.

Dekolink Wireless is a leading developer and supplier of high-quality RF coverage solutions designed to maximize wireless network coverage in difficult RF environments and complex settings. The company specializes in extending RF radio coverage to rural areas, office buildings, subways, tunnels and shadowed areas. The Dekolink coverage solution supports all major mobile technologies and standards for cellular, PCS, SMR, UHF, ESMR and TETRA services.

“We’re very excited to be working with the leader of enhanced coverage solutions for the SMR, public safety and carrier markets, and who is also driving and solving critical industry issues such as band interference and spectrum coordination for in-building systems,” says Charlotte Rubin, Managing Director of Crux Communications. “Dekolink Wireless is experiencing tremendous growth and market response due to their market-proven innovative technology and customer-driven approach. We feel privileged to be chosen to help Dekolink generate and implement strategic marketing and communications programs in the penetration of new markets.” Rubin continues.
